Vision and Values

What's at Stake: Safety AND Resiliency

Connection

Capability

Meaning

Adaptability

Organization

Community

Individual

"In the traditional view, a person is free. He is autonomous in the sense that his behavior is uncaused. He can, therefore, be held responsible for what he does and justly punished if he offends. That view, together with its associated practices, must be re-examined when a scientific analysis reveals unsuspected controlling relations between behavior and environment."

B.F. Skinner

Where's Your Focus

Don't forget what's valuable:

Connection

Capability

Meaning

Adaptability

Bright Idea!
